

# ANNUAL REPORT SUBMITTED TO CLEFT-KINDER-HILFE 2016 - 2017

## Greetings from Karala

It is indeed a Great Year we had 2016 with help of Cleft-Kinder-Hilfe we able to offer help to many poor patients with congenital Malformations. This year so special as were able to provide a special camp through out the state which was attended by more than 200 patients. All this was possible with the help of Cleft-Kinder-Hilfe.

Thank you for all the Help.

Regards,  
Matthew

## **ESTABLISHMENT OF ANOTHER NEW PERIPHERAL CHECK UP CENTRES**

- For every Successful centre Follow up of the operated case is important.
- Some of the cases are coming from very far off places and may not come for further check up
- So the St Thomas Cleft Centre decided to start four new Peripheral centres in important Districts of the state.
- This year we started one more centre at Kannur
- Each Month Doctors From the centre travel to these Peripheral centre and Review the cases.
- There by we are able to maintain a good healthy relation with patient

# INTRODUCTION OF 24 HOUR CLEFT CALL CENTRE

- All this is done for improving the quality of care provided to patients by the Hospital
- A dedicated phone line was started for people to know about cleft
- The purpose was for also to patients for any emergency contact
- ANY TIME WE ARE AVAILABLE FOR CLEFT PATIENTS

# BIRTHDAY CELEBRATION OF CLEFT BABY

# PATIENT FROM ANDHRA

**FATHER IS FARMER HIS SON WAS DIAGNOSED WITH CLEFT LIP AND PALATE .THIS FAMILY WAS CRYING FOR HELP WHEN ONE OF OUR GOOD WISHERS SAW THEM AND ADVISED THEM TO COME TO KERALA WHICH TRANSFORMED THEIR LIVES .NOW COMING TO SEE AFTER ONE YEAR .**

# CAMP STATISTICS

- **From 2016-2017 we have conducted around 16 camps**
- **387 patients have registered with the hospital during this camp**

## **STARTING OF ONLINE WEB CAM AND PHONE APPLICATION FOR PATIENT TO SPEAK TO DOCTORS OF OUR CENTRE**

- **Most of the patients coming from far off places find it difficult to come to the centre and see the doctors for initial consultation.**
- **As a result we have introduced web cam Consultation and Phone application system where the patient can talk to Doctors and send their investigation and Doctors can suggest a Treatment plan.**
- **This was more accepted by the patients we have received more response from patients.**

# FELLOWSHIP TRAINING PROGRAMME

**AT PRESENT TWO DOCTORS ARE UNDER THE FELLOWSHIP  
TRAINING PROGRAMME**

**DAILY FELLOWSHIP TIME TABLES ARE FOLLOWED**

**SENIOR FELLOW      DR ARUN**

**JUNIOR FELLOW      DR JAMAL**
